## BOOK SYNOPSIS

Here is a fine new, user-friendly supplementary language worktext for students enrolled in high school and college-level Italian courses, as well as for those who know some Italian but want to work independently to improve their knowledge of Italian verbs. The book is divided into five main sections: verbs present indicative tenses; their past indicative tenses; future and conditional tenses; subjunctive tenses, and the imperative and other tenses. Verbs are presented with fundamental conjugation information, illustrative dialogues, and additional learning features that include crossword puzzles, tips and notes on verb usage, and a review chapter that concludes each of the books five sections.
